Reporting: Dashboard Building, KPI Tracking, Sales & Performance Reporting

Business Tools: Microsoft Office Suite, Google Workspace

Strengths: Problem-solving, Process Improvement, Stakeholder Communication, Attention to Detail

PROJECTS

AI-Powered Sales Analytics Dashboard | Power BI

[GitHub Link](#)

- Built a sales dashboard with KPI cards (total, average, highest sales, transactions) and regional breakdowns.
- Used Anomaly Detection, Key Influencers, Decomposition Tree and Smart Narrative to explain sales drivers.

Movie Rental Analysis | SQL

[GitHub Link](#)

- Wrote multi-table SQL joins across customer, rental, inventory and film tables of a rental database.
- Built a customer rental history query showing rentals, film titles and rental dates for analytics use cases.

Employee Analytics Dashboard | Excel

[GitHub Link](#)

- Built an HR dashboard for 1,233 employees covering headcount, salary, tenure and satisfaction.
- Added slicers (gender, education, department, travel, employment type) for instant segment-level filtering.

WORK EXPERIENCE

Sales Executive | Sahni International Fze., Dubai, UAE

01/2023 – Present

- Analyzed pricing and sales data across 30 regular accounts to support margin-positive negotiations.
- Built recurring Excel reports and dashboards tracking pipeline health and surfacing upsell opportunities.
- Consolidated sales and customer data across 3 product lines (tire, tube, battery) to guide expansion strategy.
- Designed spreadsheet models to track profitability and pipeline conversion for data-driven forecasting.

Junior Key Account Executive | Daraz Bangladesh Ltd., Dhaka

08/2020 – 12/2022

- Managed 76 key seller accounts across assigned territories, driving growth through strategic execution.
- Prepared sales performance reports for leadership and coordinated promotions and warehouse stock levels.
- Built long-term client partnerships by consistently demonstrating value, contributing to high client satisfaction.

Executive | Daraz Bangladesh Ltd., Dhaka

11/2018 – 07/2020

- Resolved an average of 50 customer complaints daily, coordinating with 10 internal teams for faster resolution.
- Made approximately 30 outbound follow-up calls daily to ensure full resolution of customer issues.

EDUCATION

BBA, Finance and Banking | National University of Bangladesh

2019
